

Case Study

Job title: Country Manager

Client: global solar PV manufacturer

itecopleople were originally contacted to source a sales director for Germany but following ongoing dialogue with the EU president and global HR manager a need was identified for senior appointment to take forward the sale of solar PV modules for an emerging market.

itecopleople were able to quickly access our existing network and find a number of suitable executives.

We assisted in making arrangements for interviews and subsequently secured a successful appointment.
